

Analyze Business Registration, and Business Facilitation Portals for Simplicity and Consistency

Project Title	Analyze Business Registration, and Business Facilitation Portals for Simplicity and Consistency
Project Summary	Analyze country specific business registration single window portals, and potentially an aggregator of business registration portals for simplicity and consistency. Prepare bullet lists and/or narrative summaries of your comments and recommendations.
Country	United States
Agency	Department of State
DoS Office	EB/IFD/OIA
Post	N/A
Section	N/A
Number of Interns	2

Project Description

Countries around the world struggle to foster entrepreneurship that can jump-start economic growth. Registering businesses for entrepreneurs creates formal partners and opportunities for U.S. exporters to expand their business into foreign markets. Governments have created online portals to register local businesses, but they are sometimes cumbersome. This internship is an opportunity to comment on these sites, supporting economic opportunity at home and abroad.

Desired Skills Interests

Additional Information
